Features

- Plug in door chime, eliminates need for batteries. Simply plug in to any standard power point. May be moved around the home to other power points
- Long range radio-wave transmission up to 70 meters which allows you to place the door chime anywhere in your home, garden or garage
- Bell press features an IP44 rating, ensuring it withstands outdoor conditions
- Choice between two chime tones: Ding Dong or Westminster

User Recommendations

- Can be used as a door bell, pager or panic switch, catering to all your needs at home or office
- Each chime and bell press are factory set pairs and are not interchangeable with other HPM door chimes or bell presses

Overview

This HPM Long Range PlugIn Door Chime & Bell Press is perfect for those who want a door chime without the hassle of batteries. The chime plugs into any standard power outlet and features a piggy-back socket for added convenience. Easy adjustment of channel selections stops interference from neighbours. It also features a weatherproof bell press and has up to 70m long range making it suitable for both home and office environments.
