Features

- Plug in door chime, eliminates need for batteries. Simply plug in to any standard power point. May be moved around the home to other power points.
- Long range radio-wave transmission up to 70 metres which allows you to place the door chime anywhere in your home, garden or garage.
- Flashing LED light for visual notification
- Choice between two chime tones: Ding Dong or Westminster

User Recommendations

- Can be used as a door bell, pager or panic switch, catering to all your needs at home or office
- Each chime and bell press are factory set pairs and are not interchangeable with other HPM door chimes or bell presses

Overview

This HPM Long Range PlugIn Wireless LED Door Chime is perfect for those who want a door chime without the hassle of batteries. The chime plugs into any standard power outlet and features a piggy-back socket for added convenience. With an inbuilt flashing light for visual notification and up to 70m operating range, this door chime is perfect for both home and office environments.

Quality You Can Trust

Installation

- Enjoy the convenience of easy DIY installation! It requires no hard wiring, saving you time and eliminating the need for professional assistance

Convenient Functionality

- 'Good neighbours' feature: easy adjustment of channel selections will stop interference from neighbours who have a similar Door Chime.
