Features

- The light or exhaust fan can be used separately or together providing convenience and energy efficiency
- Stylish slimline design and super low profile fascia for a modern look
- Impeller housing and turbo fan blade design provides powerful airflow extraction
- 27W Max Power; 260m3/hr max airflow; Max 10W LED light fitting
- Frosted full-width, adaptable diffuser for excellent light distribution

Overview

Maximise your comfort by minimising the impact of steam, fumes and unpleasant odours created from inside the home with this ceiling exhaust fan designed by HPM! Providing a light source and an exhaust fan in one compact unit, it is ideal for usage in bathrooms and laundries that are prone to moisture or odours.

Documentation

TECHNICAL DOCUMENTATION

-  DSH EFND620 SERIES LE13598AA.pdf | PDF (0.75Mo)

Quality You Can Trust

Installation

- UV stabilised material to protect from long-term UV light degradation

Unique Characteristics

- Wide vents efficiently remove unwanted moist air to prevent mould in bathrooms and laundries, while a draft stopper reduces energy transfer by preventing hot or cold air from entering or escaping
