> [Visit product online](#)

Features

- Cable Connectors for 12V low voltage cables
- Designed for use with HPM and Nelson Garden Light Cables

Overview

The HPM 12V a.c PK4 Garden Lighting Cable Connector is perfect for joining extra low voltage cables in your garden lighting setup. Simply insert the cables into the connector and twist together. These connectors feature a weatherproof sealant, eliminating the need for tape and ensuring a secure, durable connection.
