Overview

The HPM Vivo Grid Plate with PIR Sensor is a sleek and functional switch plate equipped with a motion sensor that automatically activates the light when a presence is detected. The square design blends seamlessly with any decor, and the interchangeable coverplate gives you the freedom to customise it to your style. This product adds convenience and energy efficiency by ensuring lights are only on when needed, making it a practical addition to any room.

Quality You Can Trust

Installation

- Oval 84mm fixing points - making it easier to adjust when installing

Unique Characteristics

- Customise to suit your tastes and your interior with the coloured coverplate options (sold separately)
