- Suitable for indoor use only

Overview

This is a 24hr easy set timer. It magically turns appliances on or off automatically for energy-saving and convenience. Use it with festive lights, lamps, heaters, fans, heated towel rails, dryers, washing machines, coffee machines and other kitchen gadgets.

Quality You Can Trust

Installation

- Repeats the settings each day without reprogramming. For repetitive tasks, this is the easiest way to switch on and off at the same times each and every day. The 15-minute segments give control to within 15 minutes of switching times.

Convenient Functionality

- Double pole timers ensure both the live and neutral wires are disconnected, eliminating any risk of electrical shock and ensuring the connected device is fully powered off when not in use.
